Allowable Subject Matter

1. Claims 1-6 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant's amendments together with Applicant's arguments filed November 14 have overcome the USC 102 and 103 rejections in the instant application. Specifically Claim 1 has been amended to positively recite the combination of a fan clutch holding tool used with a fan clutch assembly threadably attached to a shaft of an engine of a vehicle by a series of fasteners, wherein the tool comprises a flat holding plate engageable with a circumferential segment of the hub and holes receiving certain of the fasteners connecting the hub and pulley together so that the holding plate is attached to the hub and a distal end of an elongated handle of the tool is supported upon a frame rail of the vehicle, these in combination with the rest of the limitations in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
